

Preliminary Program

ENT Robotic Workshop

Day 1: THURSDAY JUNE 22, 2017

Ecole Européenne de Chirurgie

Cadaver dissection course performed by leading renowned experts from the Ecole Européenne de Chirurgie including:

Dr. P. Aïdan, Prof. W.Y. Chung, Dr. E. Kandil, Prof. Y.W. Koh, Prof. B. Lörincz

08:30-09:00 Registration & Refreshments

09:00-09:10 Welcome Introduction

09:10-17:00 Robotic Dissection course demonstrating the following procedures:

Advanced course of RTS (Robotic Transaxillary Surgery)

- WS Transaxillary/ WS Retroauricular/ Lobectomy/ Total Thyroidectomy
- Lymph Node dissection of level : II, III, IV, V, VI/ Submandibulectomy

Advanced course: TORS (TransOral Robotic Surgery)

Invited experts: Prof. S. Hans, Prof. G. Lawson, Prof. C. Vicini demonstrating the following procedures:

- Tonsillectomy
- Surgery of tongue base Supraglottic surgery
- Total Laryngectomy Surgery for sleep apnea
- What is the limit of TORS?

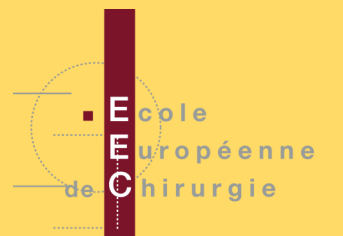

Take home messages & closing remarks

Please note that for this day the number of participants is limited. Ensure your registration.

19:30-21:30 Social gathering: Dinner Along the Seine – Sightseeing the City of Lights

Hôpital européen Georges-Pompidou

Workshop Secretariat:

Preliminary Program

Day 2: FRIDAY JUNE 23, 2017:

08:30-09:00 Registration, Refreshments and Exhibition

09:00-09:10 Opening Greetings: Prof. O. Sterkers, Dr. P. Aïdan

Total Robotic Thyroidectomy: Live surgery transmission from the American Hospital of Paris to the Georges Pompidou Hospital

ENT Robotic Workshop

Timetable	Session
09:15 – 11:00	Thyroid live surgery - Dr. P. Aïdan, Prof. W.Y. Chung
11:00 – 11:15	Discussion
11:15 – 11:45	Coffee Break & Exhibition
11:45 – 13:15	Round table with experts I: Robotic Thyroidectomy Surgery : New indications - Dr. P. Aïdan Lymph Node dissection: Which compartments should we do? - Prof. W.Y. Chung Robotic Parathyroidectomy: Is that a good idea? - Prof. P. Miccoli
13:15 – 14:30	Lunch
14:30 – 16:00	Round table with experts II: Transaxillary or retroauricular: can we choose? - Prof. Y.W. Koh Otology robotic surgery - Dr. Y. Nguyen, Prof. O. Sterkers Robotic surgery for sleep apnea: Indications and result - Prof. C. Vicini The changing landscape of robotics in surgery for the sinuses and skull base - Dr. J. Chan
16:00 – 16:30	Coffee Break & Exhibition
16:30 – 18:00	Round table with experts III: Robotic total laryngectomy - Prof. G. Lawson Oropharyngectomy: limit of robotic surgery - Prof. S. Hans Future for robotic ENT Surgery - Prof. C. Holsinger Overview on worldwide use of robotics in ENT - Prof. B. Lörincz
18:00 – 18:30	Lessons learned, Pitfalls -Take home Messages & Closing Remarks - All Experts

Hôpital européen Georges-Pompidou

American Hospital of Paris
